Statement Regarding Doug Phillips

Posted July 6th, 2014

As previously noted, Boerne Christian Assembly has sought to exercise oversight and accountability with our former Elder, Doug Phillips, who last year publicly confessed to an inappropriate, long-term relationship with a woman other than his wife and verbally expressed his repentance for his behavior. Recently, contrary to the position established many years ago at Boerne Christian Assembly under his Eldership and which he reaffirmed on multiple occasions, Doug Phillips has left Boerne Christian Assembly and advised that he has become a member of another Church without a letter of transfer from Boerne Christian Assembly. This is a matter of great concern to the body at Boerne Christian Assembly and we are attempting to work through this entire situation in a manner that would be honoring to our Lord. We continue to pray for restoration, wisdom and grace as we determine how we should proceed.

Thy word is a lamp unto my feet, and a light unto my path.

We, thy people and
sheep of thy pasture
will shew forth
thy praise to all
generations
